260+ EC2 instances

18 000 degrees

5 000 000 course enrolments

260 000 study plans

SISU

Questions & Discussion

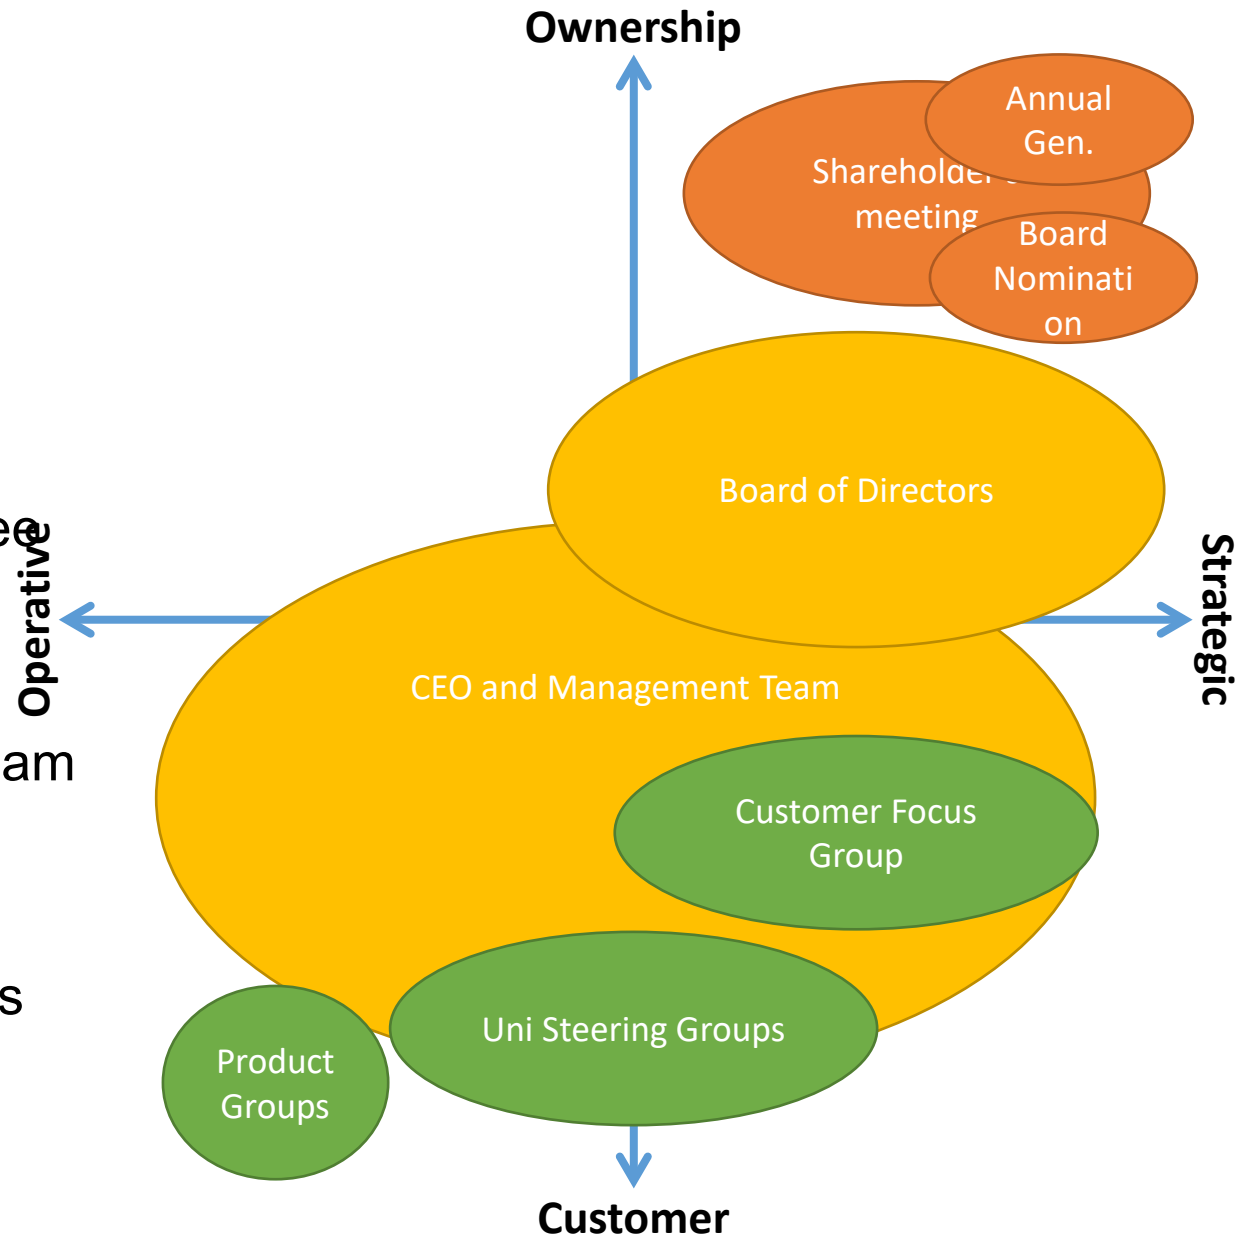

- Which is the operating model of Sisu? SaaS? → SaaS from public cloud (AWS)
- Is Sisu the same for all universities or are there some modifications for different universities? → Same set of core features which can be used to support slightly different processes. Future development will be based on modules which Unis can choose to use or not.
- How developments are planned when development needs may differ between universities? → See next slide
- How is the financing organized? → Inhouse company and currently cost related SaaS price based on amount of students.
- Other questions?

SISU

Governance model

- Ownership perspective
 - Shareholder's meeting
 - Annual General meeting
 - Board Nomination Committee
- Company perspective
 - Board of Directors
 - CEO and Management Team
- Customer perspective
 - Customer Focus Group
 - University Steering Groups
 - Product Groups
